

Celesta

OUR EXPERTISE IN IGAMING IS YOURS

EXPERIENCE MEETS FRONTIER TECH

Celesta was established with the vision of revolutionizing the iGaming industry by leveraging **advanced, scalable technologies** to provide next-generation solutions.

With over a decade of industry expertise, we specialize in delivering **high-performance, fully customizable platforms** tailored to the needs of any operators. Our goal is to provide operators with an **innovative, efficient, and cost-effective platform** that effortlessly adapt and scale to meet their evolving demands.

02

ARCHITECTS OF INNOVATION

CEO
Dee Maher

Dee is an industry leader with over 15 years of experience in remote gaming and more than two decades in law. With a unique blend of legal expertise, she has established a reputation as a trusted authority in gambling regulation, risk management, and strategic planning.

As LRGI CEO; Dee has worked closely with regulators, investors, board directors, and executive leadership teams, consistently achieving a balance between economic gains and robust risk management practices.

Founder
Joan Beaufort

Founder and Chairman of La Royale Investments Group and as a technology enthusiast, he has founded several companies in the financial IT systems marketing, connected real estate, payment, and gaming sectors.

With 15 years' experience abroad and a keen understanding of international digital issues, Joan Beaufort describes himself as a true "web nomad". His ambition is to share his expertise in digital transformation and innovation, and to develop inventive, disruptive, and secure projects in strategic sectors.

CTO
Ghislain Gaucher

As an expert in IT and digital innovation, he oversees the development and integration of technological solutions across the group's various sectors, including gaming & fintech.

With over 10 years of experience managing large-scale technological projects, Ghislain plays a pivotal role in driving innovation and ensuring the seamless implementation of cutting-edge technologies to support the group's strategic objectives. His expertise lies in designing scalable systems, optimizing digital transformation processes, and fostering technological advancements within dynamic and competitive markets.

03

SCALING THROUGH TECH

At Celesta, our focus is on delivering **stability**, **scalability**, and **exceptional performance** by leveraging cutting-edge enterprise technology.

4 TECHNOLOGY STACK

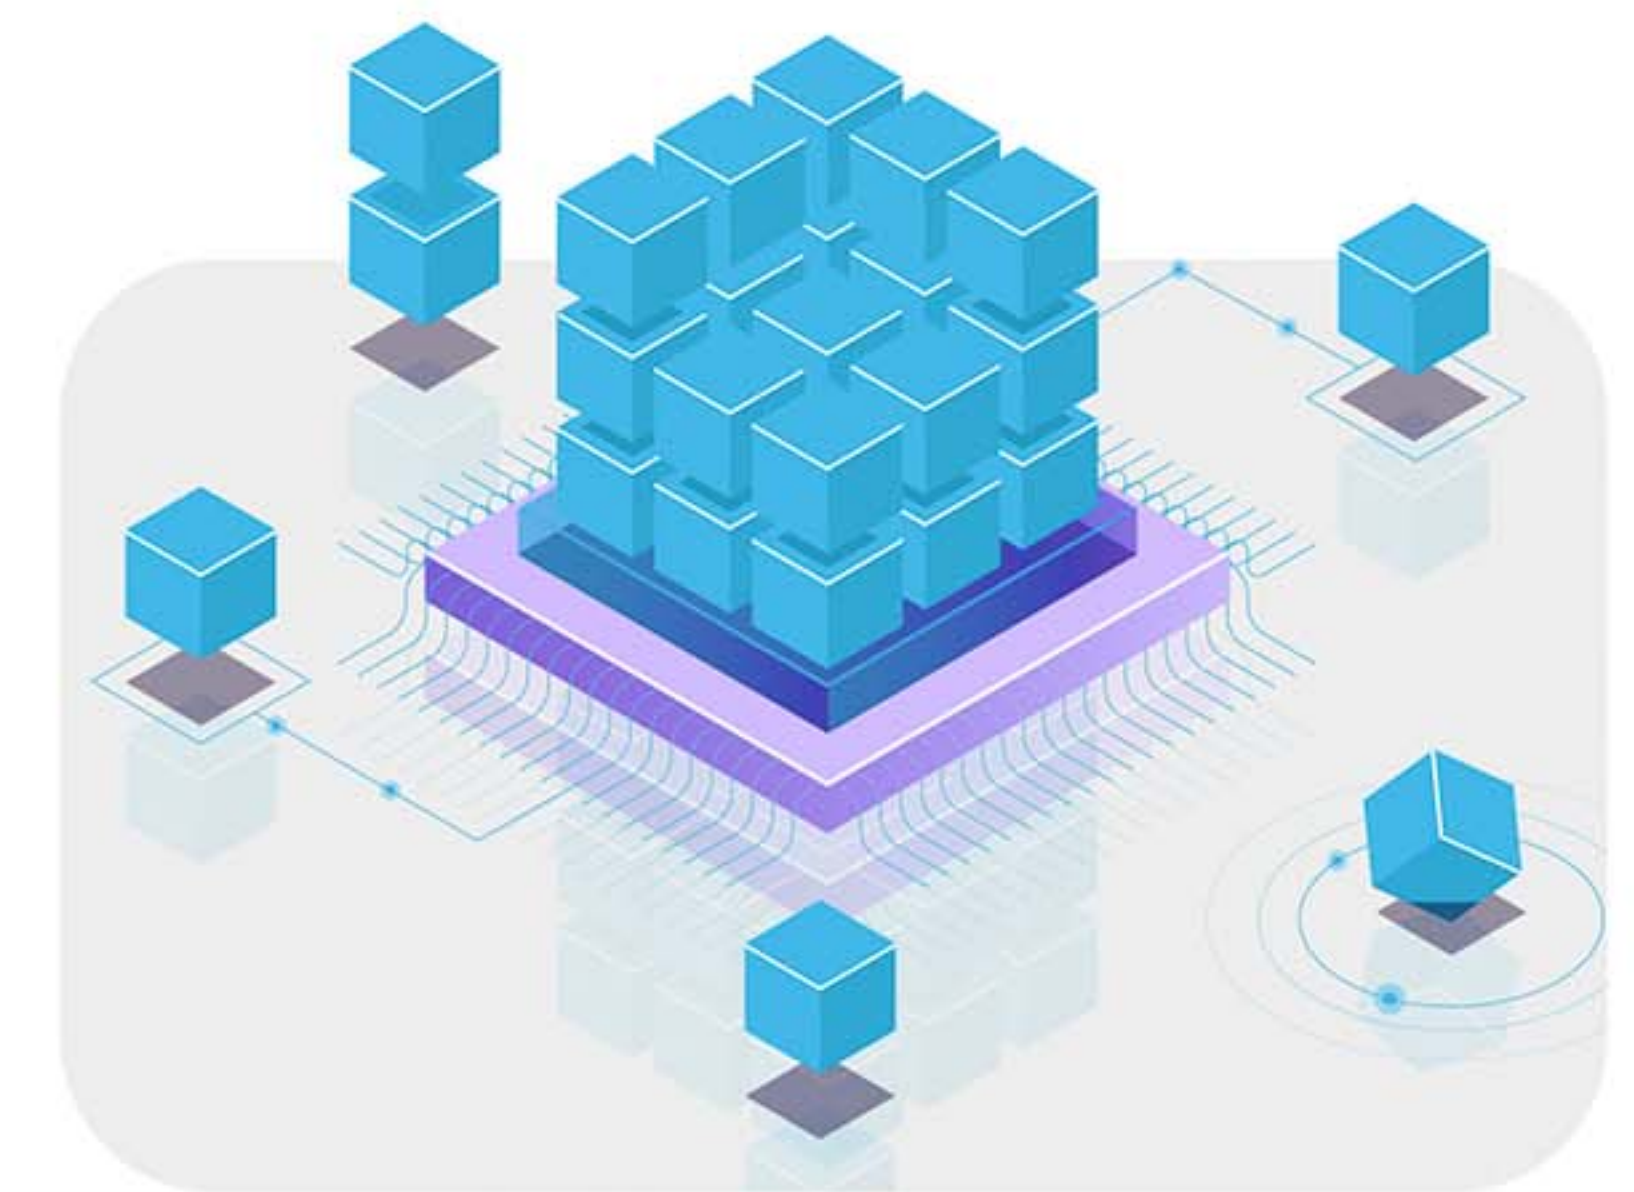

ROBUST INFRASTRUCTURE & ADVANCED NETWORKING

Powered by AWS, the Celesta platform leverages top-tier cloud-native solutions to deliver **resilience** and **scalability**. By following the good practices, Celesta platform assures a **robust network isolation**, we guarantee smooth traffic flow and **exceptional stability**, even during peak demand.

CUSTOMISABLE MODULAR ARCHITECTURE

Our stateless microservices are designed for dynamic scalability. By decoupling each service, we simplify operations and streamline maintenance. This architecture supports **plug-and-play modularity**, ensuring **efficient** and **flexible service management**.

FLEXIBLE DECOUPLED FRONTEND

Our tech deck features a Flexible Decoupled Frontend, enabling **seamless integration** through our APIs and Kafka: event stream, providing clients with a **highly adaptable, real-time user experience** while ensuring the frontend remains **agile** and **scalable** to meet evolving business needs.

ADVANCED CDN & CMS INTEGRATION

By leveraging cutting-edge CDN and CMS technologies, we minimize latency and enable **advanced customizations**, delivering a **faster and more tailored user experience**.

NO SINGLE POINT OF FAILURE

Our distributed architecture is designed for **resilience**, eliminating single points of failure to ensure **uninterrupted system performance**.

REAL-TIME MONITORING

Our platform **proactively** identifies and resolves performance bottlenecks for **optimal functionality**.

DATA CONSISTENCY

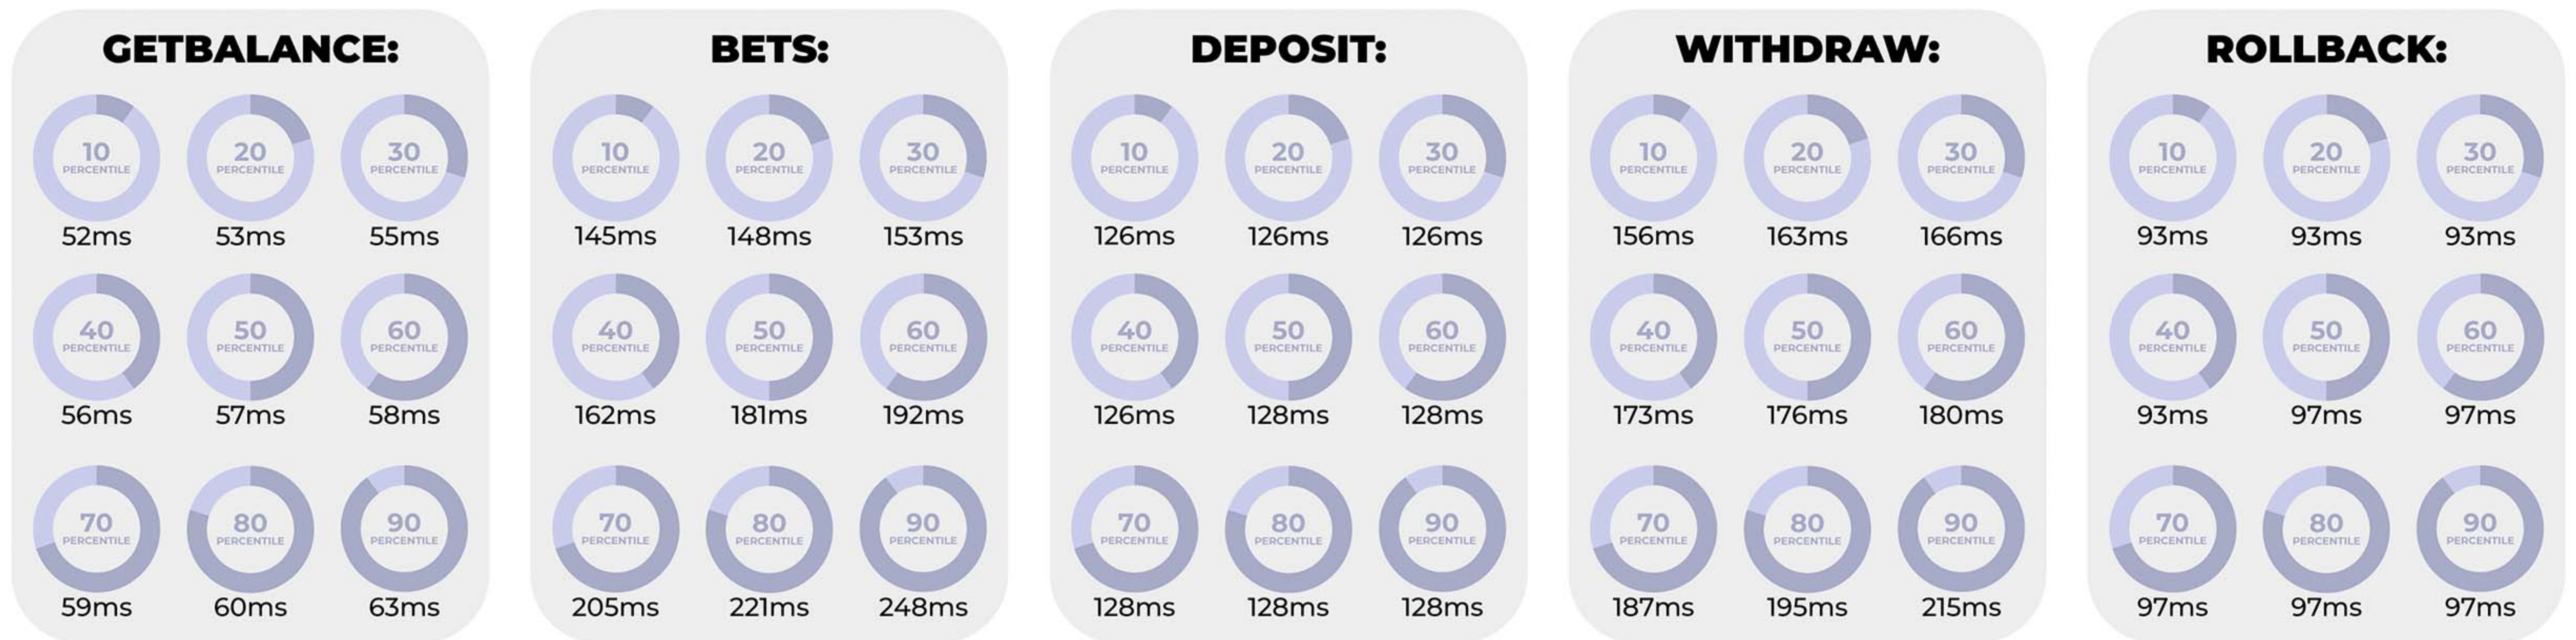

Continuous sanity checks maintain accurate and consistent data flows, supporting **reliable performance** and **precise reporting**.

15

CELESTA PERFORMANCE & LOAD IN NUMBER

Our team performed thorough load testing* on the system, with a focus on performance, scalability, and cost management. The preliminary results from these tests are outlined below, highlighting the **system's effectiveness** and **potential for further improvement**.

AVG. OF 450,000,000 TRANSACTIONS PROCESSED

*SUCH TESTING WAS PERFORMED ON 6,000+ GAMES
